Welcome back to Term 3
It has been wonderful meeting and working with all the motivated and dedicated people here at Mingoola Public. I look forward to collaborating with you all about upcoming events and learning experiences for the students of MPS. We have a great number of exciting things happening in the next term, such as working closely with Bonshaw PS and attending our Science Camps, our Lake Ainsworth Excursion, the Eisteddfod and our new bus to name a few.
We will be studying some new literary texts and exploring multiple ways to utilize technology.
I look forward to getting to know you and sharing our learning journey.
Mrs Jackie Todd
Principal (Rlg)

Debating
Jacolene had her first taste of the requirements of debating in the last round and I hope she is ready to join in again in the final round.

Science Camp
We are hoping to continue the success of the Science Camp from Term 3 and participate in more exciting and curious experiments, investigations, analysis and comparison of data found. We are also looking forward to the social aspect of working closely with Bonshaw Public School

P&C Wood Raffles
Thank you to everyone who supported the P&C wood raffle through baking, collecting wood and staffing the stall.
The next wood raffle is to be held at Coles Tenterfield on Saturday 25 July from 8am.

We have a number of people helping out with baking, collecting the wood, cooking sausages, selling food and raffle tickets and promoting the upcoming Fishing Competition.
If you are baking goods can you please place a tag or sticker on your item/s with the ingredients so that people can be informed about what they are eating. If you do not have any please come and see me at the school to arrange some stickers for you.
We will be conducting an additional raffle on Saturday 25th which is a Projecta Portable Jump Start kit valued at over $800. It is a great prize to raise money for our Fishing Competition. A huge thank you to our sponsors for donating such a useful item.
Supporting the P&C Fishing Competition

Attached to this newsletter is a copy of the flyer being distributed to advertise the fishing competition. We ask for your support in spreading the word to anyone you know that may be interested in attending – and in talking around those who initially aren’t!

Funds raised will directly benefit the students and may assist the P&C in supporting major excursions (Lake Ainsworth Sport and Rec Camp excursion).

Lake Ainsworth Excursion

We will be hosting a Parent Information session for the Lake Ainsworth excursion on Tuesday 24th July at 8.45am. During this session parents will be able to ask any questions they have about the excursion, complete the online Medical Form and the notes for signature will be available. Please bring your medicare card with you for the online form. Parents are able to do this at home if they would prefer, a note with the link will be sent home after the information session.

Student costs will be shared by parents and the school with an application going to the P & C for additional support. I will have a better idea of the final cost at the information session.

If you know your child is not attending this excursion can you please contact the school as soon as possible.

This is a really exciting excursion with our students participating in a number of activities from Marine Studies to Rope Courses.

Toshiba photocopier tender

Our school recently replaced the old black and white photocopier that has been in the school for many years. We will be disposing of the old machine via a tender process. If you are interested in the machine, please submit a written tender to the office by the end of term.

The printer/copier has a tendency to jam frequently. It can be viewed at the school.
